FALL PRICE LIST

Fruit and Ornamental Trees,
Small Fruit Plants, Shrubs, Roses,
Perennials and Greenhouse Plants

Cherry Trees are best planted in the Fall

Weber's Trees, Plants and Shrubs
Are Carefully Grown and Are Sure
to Grow if Given Proper Care

H. J. Weber & Sons
Nursery Co.

Nursery (St. Louis Co.), Mo.

TERMS OF SALE

Please Read Carefully

Terms Invariably Cash.

Remit by postoffice or express money order on St. Louis, Mo., registered mail to Nursery, Mo., or by draft. Do not send private checks unless drawn on some St. Louis Bank. Address all correspondence to **H. J. Weber & Sons Nursery Company, Nursery, Mo.**

C. O. D. Orders must be accompanied with at least 25 per cent of the amount in cash. If shipped by express, you pay the balance to your express agent upon delivery of goods. If by freight, you pay the balance at your bank, where you will find the bill of lading, which you present to the freight agent, who will deliver shipment to you. Always give us name of bank you wish us to send bill to. We deliver free of extra charge to any freight depot, express office, or boat landing in St. Louis, Mo.

Non-Warranty Clause.—If Nursery Stock proves untrue to the name under which it is sold by us, a replacement of the stock, as originally ordered, without charge, or a refund of the purchase price shall be a complete satisfaction of our liability. Except for such liability we give no undertaking or warranty, express or implied, as to description, quality, growth, productiveness, or any other matter of any Nursery Stock we sell.

We assume no liability for delays in delivery, or for non-delivery of Nursery Stock caused by frost, fire, flood, drought, hail, strikes, embargoes, war, or other causes beyond our control.

H. J. Weber & Sons Nursery Co.

Transportation Rules.—Every care is taken to secure safe and prompt transportation. The forwarders alone must be held responsible for loss or delay in transit.

Directions.—Observe carefully that your **name, postoffice, county and state** are plainly written on your order; also, state whether to be sent by freight or express, and by what route. If no directions be given, we will use our best judgment. Use order sheet enclosed.

Errors.—Any errors that may occur in filling orders must be reported within five days after receipt of goods. We will immediately correct same. Complaints entered after the above stated time will not be entertained.

Substitution.—It is customary, should the supply of a variety become exhausted (as will occasionally occur in all establishments) to substitute in its place a similar sort, if there is such. Should it be desired for us not to do this, please state on your order, "**No Substitution.**"

Selections.—Persons not acquainted with the different varieties can leave the selection to us, in which case we will select as if planting for ourselves.

Inspection.—Our nurseries are annually inspected by the State Entomologist, and have been found free of San Jose Scale and other dangerous insects and diseases. A copy of certificate of inspection will be attached to every package that leaves our establishment.

Quotations.—Prices quoted in this catalogue are for the quantities specified. 1, 2 or 3 trees or plants of a kind are to be figured at the single price, 4 or more plants of a kind are to be figured at the 10 price, 40 trees of a kind at the 100 price. Example: 1 Oldenburg, 2 Wealthy, 3 Grimes, 2 Winesap, 2 York Imperial Apple are to be figured at the single price. If you take four trees of each variety mentioned above, you are entitled to the 10 price. If you take 40 Apple or more, not less than 5 trees of a variety, you will be entitled to the 100 price, and so on throughout the catalogue. Thousand prices will be quoted on application, where list of varieties accompanies the request. All orders are booked with the understanding that same shall be void should injury befall the stock from drouth, fire, hail, frost, or other causes beyond our control.

Insurance.—A great many people want the nurserymen to stand all the losses, whether due to climatic conditions, planting, after care, etc. For such customers we have decided to offer an insurance proposition, as follows: If the purchaser desires insurance on stock purchased, we will insure the growth of such stock as we may deliver (excepting injury sustained by fire, cattle, horses, hogs, accidental, willful or malicious destruction and floods) until the first day of September after delivery; provided that purchaser adds twenty-five per cent (25%) to the amount of the purchase price and pays the total amount on or before the day of delivery so that proper entry can be made on our books. Purchaser is to notify us promptly on the first day of September as to the losses claimed so that we can investigate and issue proper credits; under no conditions are dead trees or plants to be removed until we have had an opportunity to investigate in case we should desire to do so.

Notice.—The prices in this list abrogate previous quotations and are made on stock to be strictly first-class in the grades named. Please do not compare our prices with firms quoting on mailing size trees and plants only.

NOTICE

Trees and Plants sold at prices quoted in this list are not guaranteed to live but are guaranteed to be in healthy condition at time of delivery or when delivered to the Transportation Company, losses caused by delay en-route must be taken up with the Transportation Companies.

If you want stock insured, read Insurance Clause on page 2 in this list and comply with same. We will not be held responsible for the life of any tree, plant or shrub we may sell unless this clause is complied with at time of placing order.

Complaints, if any, must be made within 5 days after delivery.

PLANT MORE FRUIT

With farm crops down to an unprofitable basis, why not devote some of your property to a good Orchard or small fruit plantation.

Fruit growing is one of the finest occupations, work is light compared with other farm work and the profits far better than from the average farm crops.

Let us help you with suggestions, we have had 56 years experience.

PROTECT YOUR TREES

from the ravages of the "SAN JOSE SCALE" by spraying with "SCALECIDE," the best known spray for the control of all kinds of "SCALE INSECTS." Spray this fall as soon as leaves have fallen.

We are the WESTERN DISTRIBUTING AGENTS for this material, we have used it in our Orchards for the past 18 years and know what it will do.

See prices on page 23 in this price list. Place your order now, we will ship in October as soon as fresh stock reaches us from the factory.

Weeping Deciduous Trees

NON-WARRANTY CLAUSE. If nursery stock proves untrue to the name under which it is sold by us, a replacement of the stock, as originally ordered, without charge, or a refund of the purchase price shall be a complete satisfaction of our liability, except for such liability, we give no undertaking or warranty, express or implied, as to description, quality, growth, productiveness, or any other matter on any nursery stock we sell. We assume no liability for delays in delivery, or for non-delivery of nursery stock caused by frost, fire, flood, drought, hail, strikes, embargoes, war or other causes beyond our control. Our responsibility ceases upon the delivery of stock in good condition. Complaints, if any, must be made within five days after delivery. Railroad, express companies and boat lines must be held responsible for losses in case of delay or damage in transit.

You will oblige us by sending us a few names of Friends who may be interested in our Goods.

EVERGREENS-Coniferae

Best time to plant is in September and October for Fall

SPECIMEN EVERGREENS

We have some very large specimen trees in Pines, Spruce, Junipers, etc., from 6 to 12 feet high, for immediate results. If interested write us for specifications. By our method of digging we can handle large trees with perfect safety.

All Evergreens are dug with ball and burlapped the "WEBER WAY"—None better.

IT'S NOT A HOME UNTIL IT'S PLANTED

No matter how fine you build, how expensive your interior decorations, "IT'S STILL NOT A HOME" until you have surrounded same with TREES, SHRUBS, FLOWERS, EVERGREENS, etc.

Hardy Perennials

There are only a few varieties of Perennials that are safely transplanted in the fall. Our Perennial plants are all potted in the fall and carried over winter in cold frames. This keeps them in good condition, and if planted in early April produce a crop of flowers the first season. There are some varieties that should be planted in September and October. These will be quoted in this list. Varieties not quoted in this list will be quoted in our 1924 Catalogue and Guide.

AQUILEGIA—Columbine

- A. California Hybrids.
- A. Canadensis.
- A. Chrysanthia (Golden spurred).
- A. Chrysanthia Alba.
- A. Coerulea.
- A. Helenae.
- A. Mrs. Scott Elliott.
- A. Nivea Grandiflora.
Each, 25c; per doz., \$2.50; per 100, \$18.00.

CONVALLARIA—Lily of the Valley

- 4 inch potted plants.
Each, 35c; per doz., \$3.50.
- Dutch pips.
Per 25, \$1.25; per 100, \$4.00.

FUNKIA—Plantain Lily

- F. Coerulea.
- F. Robusta Eleagans.
- F. Subcordata Grandiflora.
- F. Undulata Media Picta.
Each, 35c; per doz., \$3.50.

IRIS GERMANICA—Fleur de Lis

SCALECIDE

THE COMPLETE DORMANT SPRAY
"Makes a Tree Outgrow Its Troubles".

For Scale of any kind, use 1 gallon "SCALECIDE" to 15 or 16 gallons of water or 3 gallons "SCALECIDE" for a 50-gallon spray barrel. Spray only on days when thermometer registers above 40 degrees. It takes about 4 hours for "SCALECIDE" to get in its work on any kind of "Scale Insects," if properly applied with fine nozzle under heavy pressure. Do not use as a summer spray. Controls Scale, Blight Canker, Collar Rot, Pear Psylla and Woolly Aphis. We have used it exclusively for over 18 years. One gallon "SCALECIDE" will spray as many trees as $3\frac{1}{2}$ gallons of Lime Sulphur Solution.

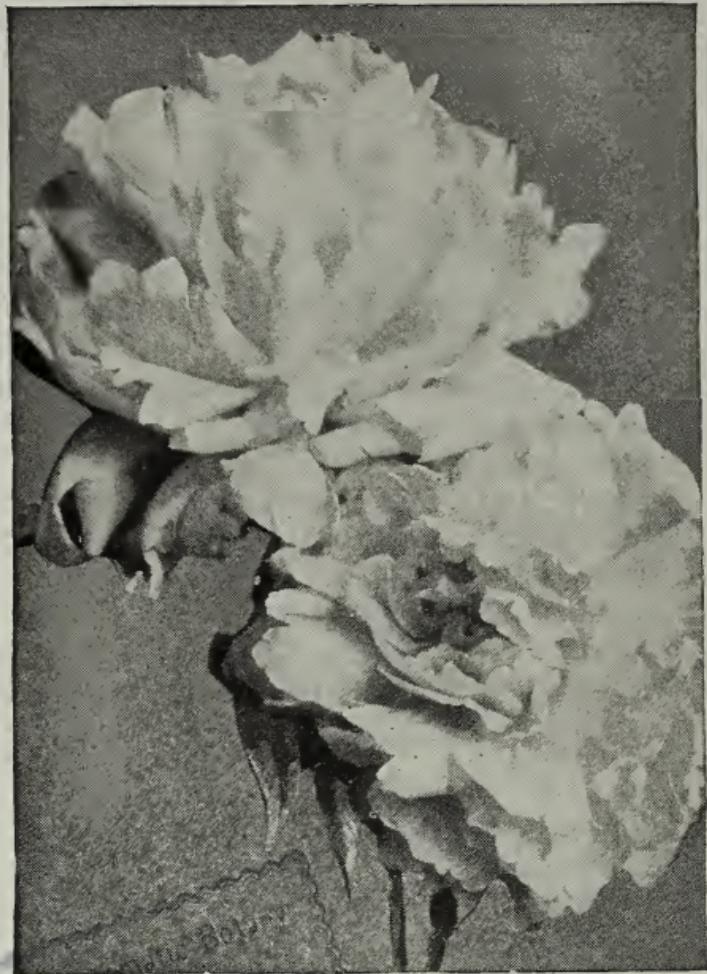

PRICE LIST Effective August 1st, 1923

Prices are subject to change without notice. All orders accepted subject to strikes, fire or causes beyond our control.
